SOLDIERLY EXPRESSIONS.

What Majors Foley and Hosen Say of the Recent Reunion Here.

These letters give expression to sentiments that will be appreciated by every one who heard their authors speak during the recent reunion of survivors of the Tenth and Sixteenth Kentucky Regiments in this city.

CINCINNATI, Oct. 9th, 1901. Thomas A. Davis, Esq., Editor Public Ledger, Mayville, Ky.—My Dear Sir: I thank you for your paper containing report of Saturday's meeting of my Regiment. To me that reunion has proven more than an incident. The warm welcome given in the cordial handshakes, the kind expressions telling how glad "my boys" were to see me, touched me in a way which only those of us who were suffered as we were in the dark hours of that horrible strife between brothers of this great country, could be thankful that it is over. Very truly yours, JAMES L. FOLEY.

STOCK CLEARANCE SALE!

A settlement of the estate of the late senior partner of this firm is to be made in January. A necessity of the event is the reduction of stock to the minimum. It is to our interest to convert goods into cash at the sacrifice of profit. It must be a clearance sale in the most comprehensive significance of the term—a sale in which neither cost, value nor loss get a moment's consideration. To reduce our immense stock is the only aim, the highest hope, the fixed determination. No man or woman who knows the value of a buy a large package of goods at a low price, will let it pass without taking advantage of it to the full as far as prudence and means permit. While many departments are represented here, it would take double the space this ad. occupies to tell of the dozens of other equally attractive bargains. Call on us, it's the only way to master all the facts.

SIX BIG VALUES!

No. 1—Melange Cheviot, 45 inches wide, 50c, original price \$1. In all the new fall shades. If you can judge values you are sure wisdom will guide you rightly when you see this unusual bargain.
No. 2—Black Taffeta 37 inches wide, 75c, original price \$1. Every yard guaranteed to wear. You may be surprised at the price, but you'll be more surprised at the quality.
No. 3—Opella Union Suits, 43c instead of 75c. Soft and fine, well made and finished. Closely knit to withstand many washings. You know the garment too well to need further description.

Everything mentioned above on sale now. Of course early comers have benefit of choice. No disappointments await you, complete satisfaction stamped on every offering.

A DOLLAR

is worth just what it will bring. If you had a barrel of them in the heart of Sahara they wouldn't buy a cup of water. Now we are certain there is no place in Mayville where a dollar will bring you as much as it will here during this sale. It might buy a larger package elsewhere but we are not talking of quantities. We refer to qualities and values. The following list tells what a dollar will do in some of our departments. It's not a list of exaggerations but a statement of facts.
A Dollar in the Linen Department will buy a splendid Bleached Flannel 72 inches wide in rose, fern, lilac, or blue. The best bed spread you ever saw for a dollar and no wonder for they've been selling for 85c.
A Dollar in the Colored Dress Goods Department will buy an exquisite French Broadcloth worth \$1.50 or a Fanne Cloth as soft as velvet worth \$1.00 or a Scotch Mixed Coat for walking suits worth \$1.50.

D. HUNT & SON.

When You Buy Shoes!

Of us you make your selection from such notable lines as the Ultra and Dutenhoffer for women, Walkover, Florheim, Tilt and Excelsior for men and the Star Shoe Company's goods for children—all confined exclusively to us in Mayville. Besides, each dollar spent here secures for you additional opportunities to capture some of the substantial gifts disbursed in our Grand Christmas Distribution, in which

PRESIDENT & PATRONAGE!

Mr. Roosevelt Will Not Be the "Clerk" of Senators.

WILL SELECT HIS OWN OFFICIALS.

Louisville Courier-Journal.

The President in appointing a United States District Attorney for Kansas has named a man who not only was not recommended by Mr. Burton, the Republican Senator from the state, but who was opposed by that functionary.

The act indicates that President Roosevelt does not intend to acquiesce in the custom submitted to by recent Presidents, of practically turning over such appointments to the members of the Senate and House from whose districts the appointments are to be made. This custom, begun as a courtesy to Senators and Representatives, has now come to be considered by them especially by Senators—as a right. Senators are so jealous of this "right" that the Senate usually refuses to confirm a nomination, however excellent it may be, if made without the dictation of the Senator claiming control of the particular office. This has proceeded so far that the Senators consider the President as virtually only their secretary for receiving their dictation and giving it legal form. Indeed this appointment of patronage is the main employment of some Senators—Kentucky's own Deboe, for instance, devoting his official talents and energies almost exclusively to the statemanship of picking out Postmasters, Collectors, etc.

Mr. Roosevelt is just the sort of man that would be expected to object to this senatorial "hold-up." He believes in attending to the duties of his office himself. It is most natural that he should fail to see in the requirement of the Constitution that certain appointments shall be made by and with the advice and consent of the Senate, a mandate that no appointment shall be made except at the dictation of some particular Senator. It is a plausible report that he has announced his intention to himself to such recommendations, but will make such investigations as he sees fit.

Such a course, if persisted in, will get him into a wrangle with the Senate, but will be approved by the country.

The sale of personality of the late John R. Downing recalled his own. During the past fiscal year the C. and O. Hospital Association cared for 756 sick railway employees and 241 injured. There were nineteen deaths from disease and seven from injuries.

BRAIN FOOD HONESTY.

Another ridiculous food fad has been branded by the most competent authorities. They have said that the only food that our kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only sustain a particular part of the body, but it will sustain every other part. Yet, however good your food may be, the individual is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of (Dr. J. C. Williams') Pink Pills for Pale People, the food for the healthy millions. A few doses of this indigestion, stimulate the liver to healthy action, purify the blood, and make you feel healthy and vigorous. You can get Dr. J. C. Williams' Pink Pills for Pale People at all drug stores or by mail from Dr. J. C. Williams, 100 N. 3rd St., New York, N. Y.

By way of passing remark, Indianapolis has just elected a Republican Mayor by over 2,000 majority, also choosing a majority of Republicans to fill the other offices. For ten years past the city had been intensely Democratic.

HOUSTON can produce more fools than a circus. The latest emanation from that city is a petition for the commutation of the death sentence of President McKinley's murderer. Wonder if Anti-Imperialist ATKINSON signed it?

MRS. MARY CECIL CANTRELL has filed suit in the Scott County Circuit Court against S. L. ALLEN and R. W. NELSON, who were at the time her residence burned in Georgetown in possession of the Georgetown Waterworks. She claims a net loss of \$15,016, and this is the sum sued for. As the lady is the wife of Judge CANTRELL, and as Judge CANTRELL is the Scott County Circuit Court, it is presumed he will insist on presiding and deciding, as he has done in other cases.

WITH a shortage of \$937,334.38 in the General Expense Fund—as shown by the State Treasurer's report just printed—something had to be done right quick to provide money to run the "machine" at Frankfort. So the State Board of Valuation and Assessment has fixed the value of Kentucky whisky for the purpose of taxation at \$10 per barrel for 1901. This is in increase of \$2 over 1900. It affects all whisky held in bond in the state, and it is said that the distillers will ask for reconsideration of the act.

FOUND IT OUT.

Many a Mayville citizen is finding it out.

A backache always means kidney trouble.

The beginning is always backache.

The ending may be Bright's disease.

Read the following case of a Mayville citizen who found the remedy in time.

Mrs. C. J. Sweet of 715 East Second street says:

"Doan's Kidney Pills ended pain in my back, which had annoyed me for a considerable time. My mother, Mrs. A. F. Sweet, also uses this remedy and values it highly. Mr. Sweet got Doan's Kidney Pills for me at J. W. Wood & Son's drugstore, corner of West Second and Market streets. We are only two pleased to recommend a preparation which has proved so reliable and effective as did Doan's Kidney Pills."

NO ONE BUT A MOTHER

can appreciate the benefit that comes from refreshing sleep.

It is most gratifying to find that a mother who has a child suffering from colic, feverish, fretful, and restless, anxious care and watching, also tries everything possible to obtain relief for the little sufferer.

With what comfort and delight she sees her little one drop into a deep peaceful health-giving slumber, after its little stomach is cleared of its poisonous burden by a simple dose of Laxakola.

Laxakola is a pure gentle and painless laxative, and contains valuable ingredients which not only act upon the bowels, but tone up the entire system and give a refreshing sleep.

A few drops can be given with safety to very young babies, which is most gratifying to the mother, as it relieves the child of its discomforts to young children suffering from diarrhea, accompanied by fever, restlessness, and nervousness, as it neutralizes the acidity of the bowels and carries off the poisonous matter.
